- ★ A comprehensive Olympiad Exam covering a variety of science subjects
- ★ Improving students' ability to utilize overall knowledge
- ★ Open to students from Grade 7-10 / Year 8-11

Form: Online

Deadline: 2 weeks before the competition

JSOE Junior Science Olympiad Exam

Introduction

Junior Science Olympiad Exam (JSOE) is hosted by Australian Science Innovations (ASI) which is headquartered at the Australian National University. ASI is also the host of the Australian Physics, Chemistry and Biology Olympiad, through which ASI selects and trains the Australian national team to attend the international Olympiad competitions each year.

JSOE is designed to build students' problem solving ability and critical thinking in such subjects as Biology, Physics, Chemistry and Earth & Environment Science.
